

ATTENTION GOLFERS:

In order to enhance our services we are introducing our **New Practice Range Membership Program**. As of September 1, any Cooper's Hawk Member who is in good standing may purchase a one year unlimited practice range membership for \$200. You have unlimited use of the practice range. (In other words – no charge for range balls) After you pay your fee you will just ask for tokens and you will not be charged. We do ask that you not share your practice balls.

For non Cooper's Hawk members and those who choose not to join the Range Program, balls will be \$3 per bucket; which is still a competitive price with surrounding golf courses.
